TESCO'S WIND TURBINES

Tesco's have received planning permission from South Cambs District Council to erect 2 wind turbines on their property. One will go in the car park and another one on the small roundabout near the petrol station.
The Parish Council was, as usual, consulted about the planning application and were concerned about a report which came with the application. This concerned the noise emitted by the turbines. The report indicated that some noise would be heard in Robin Close from the turbine on the roundabout. For this reason the Parish Council requested that this turbine be re-sited away from the residential area.
Because of Parish Council comments, the planning consent has the following condition attached to it:

"Operational noise from the wind turbines, hereby permitted, shall be limited to LA90, 10 minute of 35db(A) at the closest receptors in wind speeds up to 10ms-1 at 10 metres height. Furthermore the sound produced by the wind turbine at the nearest noise sensitive location shall not contain any acoustically distinguishing characteristics such as tonality under all operating conditions. (Reason, to ensure that the approved development does not give rise to undue noise disturbance, in accordance with Policy NE/15 of the South Cambridgeshire Local Development Framework 2007)."

The Parish Council would urge residents of Robin Close, Gladeside and The Fox to contact the Environmental Health Department of South Cambs District Council if they consider any noise from the turbines to be excessive or irritating. That Department will then issue residents with a device which records the noise and if this is heard often enough and by several residents then obviously the condition attached to the planning consent is being breached and action would have to be taken.

Please also inform the Clerk of the Parish Council if you are troubled by the noise sufficiently to contact Environmental Health: telephone 780456, email bhillpc-1@btconnect.com, call and see her or write a letter.

Dear Editor

I have just read with interest, Councillor John Reynolds' news letter where he warns of tough times ahead and "very tough" decisions being needed.

Mr Reynolds is of course preparing us for a substantial rise, well above inflation, in council tax having blamed Central Government for the grant settlement given to Cambridgeshire.

Part of the increase will no doubt pay for the anticipated £32 MILLION cost over-run with the guided bus project.

I read that the County Council has approved a £500,000 boost to voluntary organisations which are facing increased financial pressure. May I ask Mr Reynolds if the Council is considering offering a reduction in council tax for hard pressed OAPs? ALL councils have the authority to make council tax reductions.

Yours faithfully

Michael Boughton-Fox

Dear Editor

I note the advice from the police on page 26 of November's "Bar Hill News". We apparently face a £15 charge if we call a certain phone number and risk losing our vehicles if we remove flyers from the rear windshield. When such reports of scams are circulated, it is always advisable to check them on Snopes.com first. There we find that the phone call for the Parcel Delivery Service scam actually cost £1.50 per minute and typically resulted in a £9 billing. There was evidently no such thing as a £15 connection charge (see http://www.snopes.com/fraud/telephone/pds.asp). Note the past tense. PhonePay Plus, which regulates premium rate phone services, closed down this service in 2005 and stated on its website over a year ago that "You do NOT need to contact us, or the Royal Mail, about this service as it was stopped almost two years ago." Whenever we are asked to call a premium rate number, it is good practice to check www.saynoto0870.com in order to find a landline number - and also to check out the company that is asking us to call them.

The fear of carjackers using flyers as decoys is at least four years old, when the message circulated in Illinois (see http://www.snopes.com/crime/warnings/carjack.asp). Since then, there has not been a spate of car thefts using this method. It seems unlikely it has been used at all.

Of course, we should be suspicious if we actually do receive cards for deliveries that we are not expecting. Of course, we should not leave our vehicles with the keys in the ignition.

And, of course, we should be very sceptical about viral emails.

Dear Editor

In response to Michael Boughton Fox's rather churlish letter of last month, I can confirm that I shall not be applying for the vacant post of councillor.

I rather took the letter to mean that it is improper for members of the village like myself, or Brian Webb, to ask pertinent questions through this medium.I can only assume that MBF would prefer we operated in some sort of Stalinist state?

As a member of this village, I shall continue to ask questions about issues in the village and I have no regrets whatsoever, for persistently pursuing the removal of the barbers shop. If that irritated MBF, so be it. Maybe from the timing of MBF's service, he was responsible for giving life to the project in the first place and has suffered a pang of nostalgia in its removal? A removal, which I suspect was heartily welcomed by 99% of the rest of the village.

Finally, I would add that I have had contact with three current and former parish councillors in the last two months, who have also heartily rejoiced in the barbers shop's demise and thanked me for keeping the issue at the top of the PC's agenda.

You can't please everyone.

Dear Editor

My December issue has arrived. As one of my favourite pastimes is Crosswords etc I turned straight to those pages and found that last month's Anagram was GERICAULT - well, I looked it up in various dictionaries and finally found it on the internet - he's a French Artist - really !! He belongs with some of the artists in the word search I have never heard of. We are not all "Eggheads" and to enjoy these items it would be nice if we could understand the questions, maybe then we could find the answers ???????

These things are surely meant to be fun - could we have some simple ones that folk like me can enjoy?

I do enjoy the rest of Bar Hill News - tells us everything we want to know about the village and then some. Many thanks for that.

Yours

Iris Lay

Reporting crimes and incidents to the Police is a matter that has caused some confusion in the past. In our attempts to make sure we answer your calls and allow officers to be out of the Police station patrolling we have moved away from providing direct numbers to Police Stations. The operators who take your call can often deal with your enquiry direct, update you on a crime or incident or record your crime. They will also be able to pass your call through direct to officers at the station or on their mobile phones. Below is a general guide to reporting.

Emergencies Dial 999 when:

- Lives are at risk/violence/serious injury
- Serious crime is happening
- Criminal still at the scene or nearby

The police operator will need to take your name, address and details of what has happened. This will take time, but it is important to get all of the information from you so that we can send the appropiate resources to you if necessary.

General Phone Enquires

For all non-emergencies, call 24 hours a day:

Slugs and Snails

Slugs and Snails will be the focus of the next meeting of the Wildlife Trust, Huntingdon Area Group, on Wednesday 11th February 2009 at 7.30pm at Brampton Memorial Hall, Thrapston Road, Brampton.

Brian Eversham, who is the Conservation Director of the Wildlife Trust, will discuss the ecology and behaviour of molluscs in a wide range of habitats; why they are of interest to conservations and why they should be protected. He will also touch on molluscs and gardening!

Brian has studied slugs and snails since the 1970s, and has bred all but three species of British slugs. He tells us that they are not all as easy to rear as gardeners might imagine. Apparently some species can live for 7 years or more, can grow to over a foot long and become heavier than the smallest British mammals!

Anyone interested in wildlife is most welcome to attend. Admission: £2.00 members; £2.50 non-members. Please visit the web site for more information www.wildlifetrust-huntsareagroup.org.uk/ or contact George on 01480 450809.

BAR HILL COLTS F.C

It has been a couple of months since I was last able to let you know how our teams are getting on. However, due to the bad weather and ground conditions the number of matches being postponed means not many of our teams have been able to play many of their games.

So here is a mid season report on all our teams

MINI- LEAGUERS

Under 6s – Peter and Tim's youngsters- if you have a moment do go down to the village green or Astro on a Saturday morning and watch this enthusiastic team training – they are hoping to play some friendlies in the next few months.

Under 7s – Matt and Andy's Bullets - These lads had their first friendly in December after months of hard training. They have their eyes fixed on an Easter Festival, which will be held on Coldham's Common.

Under 8s – Tim and Kevin's Ravens. This is their first season in competitive football and have done really well winning 6 of the 8 games played so far, scoring 31 goals in the process – well done girls and boys!

Under 9s – Roy and Andy's Eagles This team are finding their feet in competitive football and with 4 wins this season they have scored 29 goals.

Under 10s – Steve's Bombers. This team are learning to play on a bigger pitch this season which tests not only team tactics, it is important that everybody works hard for the team to enable them to perform. They have also won 4 matches with 2 draws putting 37 goals past opposing goalkeepers.

Rangers Match report

Bar Hill Colts U13s v Chatteris Town

With the Chatteris pitch playing more like a WW1 battlefield, it was quickly obvious that the nice one touch passing which we had seen in the Under 13s previous wins was not going to be enough, by itself, to win this game. Most of the first 20 minutes was played bogged down in the centre but on 25 minutes a move involving **Matt Childs** and **Ashley Skelton** put **Dan Paine** through to open the scoring. Just 7 minutes later **Ashley Skelton** put enough pressure on the Chatteris defence to force an own goal leaving it 2-0 at half time.

The second half was a hard slog with **Dan Paine, Johnny Clarke-Hassell** and **Chris Graham** getting shots in and **George Gill** winning several corners. Keeper, **Ben Loraine** did well to hold some slippery shots but wasn't pressured too much due to great defending. It was also good to see **Sean Tipple** making a very effective debut.

Man of the match: **Joel Finbow**

AND NOW THE GIRLS …

Under 13s – Vicky and Linda's Spitfires. Another team learning to play on a bigger pitch. The girls have worked hard in training and this has paid off in matches, winning 2 (with close matches both in the league & cup) scoring 17 goals with leading goal-scorer **Nicole Brown** on the score sheet 8 times.

Under 16s – Ruth' Sapphires. This dedicated group of girls continue to play every match demonstrating fantastic team spirit. They have won 3 of their 5 league matches and **Zoe Fisher's** impressive 12-goal tally contributing to the total of 18 scored so far.

AND NOW THE BOYS …

Under 11s – Rob has trained his boys hard and they have coped well with the move up to 11-a –side on a bigger pitch. With an exciting 6 wins and a draw from 8 games played scoring 48 goals in the process, challenging for runners-up position in their league.

Under 12s – Darryn's Raiders. Off to a good start picking up runners up trophies at the Cherry Hinton 11 a-side tournament. At the half way stage the boys are in 5th place in the A league but with games in hand on 3 of the 4 teams above them. They have played 8, won 5, lost 2 and drawn 1, including two players breaking into the Reps team this season, congratulations **Olly Eden** and **Tommy Dalton.**

Under 13s – Tony's Raiders. What a turnaround for this team, scoring a fantastic 60 goals with 9 wins from the 11 games played, unsurprisingly seeing them at the top of their league.

Under 14s – Justin's Bulldogs. Following promotion last season the boys have faced the challenge of being in a higher league winning 6, and drawing 1, of the 12 matches played with a creditable 26 goals so far.

The Bulldogs demonstrate that it isn't only on the pitch that they enjoy some fancy footwork!

Thanks to all those who have supported our fund raising efforts this season which enabled the team to treat the players to a well deserved ice skating session at Cambridge-on-Ice.

Under 16s – Jairo' Jets

This team continue to do well in a very competitive U16B league sitting at the top of the table scoring 27 goals with 7 wins and 2 draws from the 10 matches played so far.

Under 17s – Barry's Bandits.

This team remain unbeaten in the league so far this season. Their 6 wins and 2 draws, with 39 goals scored has them challenging for top spot in the division.

AND FINALLY…

ADULT FOOTBALL CLUB

All three teams are now improving with the 'A' Team being the pick of the bunch, with three wins after a shaky start to the season.

"Hold a Fish and Chip Supper to help spinal cord injured people live full and independent lives."

Great British Fish and Chip Supper – Friday 15th May 2009

Want to do something different? Want to raise money where you live or work? Want to eat Fish and Chips, while raising money for charity? Hold a fish and chip supper on Friday 15th May 2009 whilst raising awareness of spinal cord injury and supporting SIA's information and support services. You can hold a fish and chip supper in your own home, at work or hold a larger supper at your local community centre.
SIA will provide a fundraising pack containing hints and tips, recipes, invitations and donation envelopes. By inviting 7 friends and asking them to donate an additional £5.00 means you will raise at least £35.00 from your supper but we will also give you additional fundraising ideas to raise even more money for SIA.
In 2009 SIA will celebrate its 35th Anniversary and being that Friday 15th May 2009 is Spinal Cord Injury awareness day and what a better way to raise funds than eating Fish and Chips and raising money for SIA.
The money raised from the suppers will help the Spinal Injuries Association offer support to individuals who become paralysed and their families, from the moment a spinal injury occurs, and for the rest of their lives by providing services and publications which enable and encourage paralysed people to lead independent lives.
Every year in the UK over 1,000 people experience a spinal cord injury and there are an estimated 40,000 spinal cord injured people in the UK alone.
Be a part of something special and make a real difference to help spinal cord injured people gain access to the information and support they need to enable them to live full and independent lives."
For more information or request a fundraising pack call Elizabeth Wright on 0845 678 6633 xtn 229 or email fishandchips@spinal.co.uk or visit www.spinal.co.uk

Carol Service

We held a very successful carol service in December with record breaking attendance. All girls took part in different scenes from a play – the Rainbows as Angels, the Brownies as Shepherds and the Guides as Kings. £70 was also raised from refreshments and craft stall for projects supported by Sangam, the Guiding Centre in India which Claire Lloyd, Rainbow guider with 2nd Rainbows will shortly be visiting.

2nd Bar Hill Brownies

We enjoyed a busy term finishing 2008 with a trip to the iceskating rink on Parker's Piece. The girls also enjoyed badgework (Seasons badge, Agility and Disability Awareness) and going swimming amongst other activities.

This term, we will be 'Changing the World' a scheme run by Girlguiding UK in collaboration with charities to raise money and awareness for their different work and projects. More information can be found on http://www.girlguiding.org.uk/changingtheworld/
More news on this to follow in the coming months! This term we will also be doing our Fire Safety and First Aid badges along with our Environment badge. We will be going on outings and celebrating Thinking Day with international activities and learning about guiding around the world.

CAMBRIDGESHIRE SCHOOL NAMED TOP OF THE CLASS IN SPORTS AWARDS

Swavesey Village College has been named as top of the class in the prestigious BBC East Sports Awards, which were presented during a glittering ceremony at Duxford Imperial War Museum on Monday, December 8. The Village College was named as School of the Year, beating off competition from schools in Essex and Bedfordshire. The award was in recognition of the work of Swavesey VC's PE department - in particular the wide range of opportunities to participate in all forms of high quality PE provided to students within the school.

Extra curricular sport above and beyond the school day and the commitment to school club links with the local community, were also highlighted.

JETPATCHING SYSTEM ROCKETS ROAD REPAIRS IN RURAL CAMBRIDGESHIRE

A high-tech and green jetpatching system to repair rural roads in Cambridgeshire has seen a massive saving in time and money as well as improvements in the work itself.

The new environmentally friendly technique has been used in South Cambridgeshire and has meant that 70 per cent more work has been completed compared with using the old system.

Jetpatching is better for rural roads than normal techniques and is part of Cambridgeshire County Council's use of innovative ways to maintain roads, especially in rural areas.

The process involves a stone and emulsion mix being applied directly to the road through a blower which also compacts the material meaning no roller is needed. There is also no need to heat the material so the process also saves on energy.

This new process follows other initiatives by Cambridgeshire Highways to reduce carbon emissions. Highway waste material is already re-used or recycled and infra-red patching techniques have proved successful in reducing costs and carbon emissions.

District Councillor Roger Hall's Report

Rubbish collection over the Christmas/New Year period

The arrangements for rubbish collection over the Christmas/New Year period passed off without any problems. The difficulties encountered in 2007 were not replicated and only one complaint (from a predictable source) was received.

Office opening between Christmas and the New Year

A two-year experiment of opening South Cambridgeshire Hall between Christmas and the New Year was welcomed by the public, with a larger-than-expected stream of residents arriving at the Council offices. At any one time, more than half the Council staff was present, with some offices almost fully manned and others unoccupied.

Council Tax

The increase in Council Tax this year is likely to be 4.9%, with other authorities in the area between 4.90% and 4.99%. This increase, well above the rate inflation, is because government grant this year will be 0.5%; with last year's having been only 0.4%, this is putting severe strain on Council finances. The increase in government grant will be one of the worst in the country. Had it been the average for shire district councils of 2.83%, then no increase would be necessary.

Weathering the storm

This is a guide, available on www.weatherstorm.org.uk to national and local organisations that can advise and support businesses through the economic downturn. It has been compiled by Cambridgeshire Together, a group of the county's most influential organisations. Although any economic downturn is expected to be shallow in Cambridgeshire, it's our priority is to ensure that everyone affected is supported during the difficult times ahead.

Insofar as South Cambridgeshire District Council is concerned, the 'crunch' has yet to have a clearly discernible effect, with Council Tax receipts still running at 99.1%.

We are situated in a purpose built building next to the School, with direct access from the playground. We provide Childcare for children aged 4-11 in a safe and caring home-from-home environment, with trained and experienced staff.

Our sessions provide the children with a wide range of activities from pool to computer games, dressing up to craft, and lots more or, if they wish, they can chill out on our comfy sofas. We can also use the safe environment of the school playground for outdoor activities.

During the holidays we have themed activities, which the children are involved in choosing, as they are with many other issues, such as outings etc – as it is their Club, they even chose its name. The children are given a snack, such as pasta or filled pittas, followed by a biscuit and fresh fruit. We also make birthday cakes to celebrate each child's birthday, which are shared.

We are registered with OFSTED, and we accept employers' childcare vouchers.

The Bar Hill Residents' Association

On the 20th of October 1967, less than five months after the first family moved into Bar Hill, twenty-seven residents out of a population of fewer than fifty, attended the inaugural meeting of the Bar Hill Residents' Association. Its remit, decided on at that meeting, included acting as an intermediary between the residents and other bodies (which included the Parish Council after May 1969), raising funds to promote the interests of the village and keeping residents informed of matters of interest to them.

Meeting the objective to keep residents informed of matters of interest to them was considered to be of paramount importance and, in December 1967, the first edition of the *Bar Hill Residents' Association Newsletter* (since 1975 *The Bar Hill News)* was published. To date, 460 issues have been published. Publishing and printing it each month, with the exception of December, is probably the most important task of the Association.

Publishing and distributing *The Bar Hill News,* and organising the Fête and the Fireworks Evening are the three main functions of the Residents' Association today. *The Bar Hill News,* as its title implies, is more than a village newsletter, serving to raise monies for the Fête and the Fireworks Evening and for donating to other village organisations by advertising and being produced by volunteers rather an outside printer. The Fête has now become one of the largest in south Cambridgeshire and still depends, on the previous nine months, on 'much hard work by a devoted few'

As with most organisations, the Association depends on the efforts of 'a devoted few', and **more help is always needed.** This applies particularly to organising the Village Fête, which is undertaken by a sub-committee open not only to members of the main committee but also to representatives of other village organisations and 'independent' members.

Roger Hall
Hon.Chairman
Bar Hill Residents' Association

If you feel you would like to help organise or run these important activities in the village, please contact Roger. The Association is looking for a treasurer—if that is your speciality please get in touch. Members of the Residents' Association meet once a month on a Monday. As Roger states above, the important activities are the Fête and Fireworks evening. Please help to support this important Association.

CRICKET CLUB

Calling all cricketers (of all ages and talents; active or lapsed, novice or experienced). Your village needs you!
2009 promises to be a big year for Bar Hill CC as we venture into the unknown territory of running three teams on a Saturday.
Yes, we have taken the plunge of entering a third team in the league, and they will play their home matches at Swavesey Village College.
But we could do with some more players – even if you only fancy playing a couple of games, it could be a big help. The only restriction is that players must be aged over 12.
Please contact one of the numbers below if you are interested.
The thirds will be up against Bottisham-Lode II, Burrough Green II, Cottenham III, Fordham III, Histon III, NCI V and Waterbeach II in their division.
The first XI are targeting a move up to Senior League cricket and will have to overcome Barley, Cokenach, Elmdon, Eversden, Madingley, NCI III, Sawston, Thurlow and USSC to achieve that goal.
The seconds have some journeys ahead as they line up against Abbots Ripton, Bluntisham II, Chatteris II, Longstanton II, StIves III, Somersham II, Wimblington II and Witcham II.
In the cups, Elmdon are the opponents for the firsts in the Cambridge News 20-20 Cup, while the seconds face a local derby at Longstanton II in the Lower Junior Cup.
At the annual meeting last year, Mark Thompson and Paul Stimpson were re-elected first and second-team captains respectively and David Underhay will skipper the new third team. The other big change at the meeting was Steve Plumb stepping down as chairman after five years. David Rush was elected to the post, while Steve becomes a vice-president, with grateful thanks for his hard work over the years.
The rest of the committee was largely unchanged and is as follows:
President: Tony Moffat
Treasurer: Jim Neal
Secretary: Paul Stimpson
Youth manager: Simon Smith
Events co-ordinator: Barry Driver
By the time you read this, our winter net practice sessions will have started, once again at The Perse School in Hills Road. They are every Sunday between now and Easter, from 9.30 to 11 am. Lifts can be arranged – please call one of the numbers below.
Belated thanks to all those who supported our barbecue on November 5 and the quiz night at the Social Club later that month. Watch out for more events later this year.

HAPPY HOURS
The Recycled Youth Club

Whilst our usual news hound languishes in hospital with a broken hip, it falls to a stand-in to write this month's news. **Get well soon, Dennis**, you are greatly missed.

Sixty three of our members attended our **Christmas Lunch** at the Menzies Hotel in December which was a very enjoyable meal plus our raffle and entertainment by Brian East on keyboards. It was lovely to see **Ruby Hunt and Ernie Arnold** able to attend. We were all well looked after by the attentive hotel staff to whom we send our sincere thanks. We would also thank the Parish Council for their donation towards our meal and the Cambridge Building Society for raffle prizes.

At the end of November some of our members had a lovely **Turkey and Tinsel** break at Llandudno, staying in a sea front hotel with trips to Chester and guided tour with Roman centurion, Betws-y-Coed, Anglesey and scenic drive.

The Club recommenced on 5 January and, despite the awful weather, was well attended. However, our numbers have depleted so **anyone wishing to join** us on Mondays would be very welcome.

We wish everyone a happy, healthy New Year and hope those not so well will soon be back to full vigour.

NICK'S NATURE NOTES

Hope you've all had a good Christmas, and I'd like to wish you all a Happy New Year.

I want to say a big "THANK YOU" to all the people who, throughout the year, have phoned or spoken to me about dead animals or interesting things they've seen.

Here are a few "interesting observations" I've seen over the years …

When I was a teenager working on the building sites (no, it wasn't "wattle and daub" walls then) I noticed as soon as the glazier had put the glass in the windows the starlings would come down and peck the putty away from around the glass… I can only think they were after the linseed oil in the putty.

Very early one morning, walking towards the centre of the village, I noticed a lot of rubbish scattered about on the paved area next to Fish 'n' Chicken. A couple of seconds later I saw the reason for it … the crows had got down inside the rubbish bins and were physically throwing the papers, boxes, etc out, then coming out and searching among them for food items – clever, eh!

Walking from my car in Tesco's car park towards the shop I saw loads of starlings running around the parked cars. I watched for a couple of minutes: they were walking along the fronts of the parked vehicles and jumping up and plucking the dead insects, which had got splattered, from the cars. Instant food source.

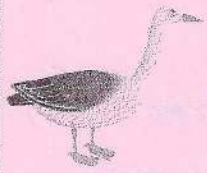
Over at Fen Drayton Nature Reserve I always look forward to seeing the damselflies and dragonflies every summer. I noticed one or two "stuck" on some of the plants. On closer inspection, damselflies were brushing against the hair-covered stems of Bristly Ox-tongue and, like Velcro, they touched it and became stuck fast, and there they stayed and died. I have noticed this in lots of locations now.

Whilst observing in Madingley Wood one day I saw a great spotted woodpecker land on a branch with something in its beak. It turned out to be a newly hatched check from another nest somewhere close by. It then proceeded to bash it against the branch, like a kingfisher does with a minnow or stickleback, then fly away.

Less than a minute later it returned with another chick in its beak and proceeded to kill that one as well. This happened five times. It was taking chicks from a nest, killing them and then feeding them to its own young. That observation is actually in Birds Brittanica by Mark Cocker and Richard Mabey.

In the winter when food is scarce I've noticed that the fallen branches of mainly ash have all the bark chewed off down to the bare wood - by rabbits. Whether there is something in ash bark, like quinine in willow bark, I don't know, but it's always the first bark eaten, then willow and hawthorn. The rabbits obviously know what they want.

-----0-----



How apt is this today – they hang the man and flog the woman who steal the goose from off the common, but let the greater criminal loose who steals the common from the goose.
